INTERVIEW SUMMARY

Applicants' representative Stephanie Deckter thanks the Examiner for the telephone interview that took place on March 29, 2007. The Examiner and Applicants' representative discussed the pending claims, specifically focusing on claims 1, 6, 11, and 36-51.

During the interview, the Examiner indicated that Applicants' proposed amendments to claims 1, 6, and 11 (which were based on the Examiner's suggestions) overcome the Examiner's concerns, which he raised during a prior telephone interview that took place on March 19, 2007. The Examiner agreed that Walker (U.S. Patent Application Pub. No. 2002/0169664) does not anticipate "converting, by the computer system, the first transaction data from the first format into a second format," as recited in claim 36.

The Examiner indicated that he would issue a new Non-Final Office Action that resets the time for response based on the mailing date of the new Non-Final Office Action.

No fee is believed to be due. Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: 3/29/07
